#### **April 25 - Earth Day Hosted by Go Green Galloway**

4 - 7pm

Seven years ago, Go Green Galloway launched the Green Market, a summer farmer's market that quickly became a local staple. In recent years, the organization decided to enhance this market by introducing a special Earth Day event, now in its fourth year. The Earth Day Green Market offers attendees a unique and vibrant experience that goes beyond the typical shopping affair. More than just ornamental, native plants play a crucial role in supporting South Jersey's ecosystem. Multiple native plant nurseries and the Native Plant Society of New Jersey will be present at the Earth Day Green Market, guiding visitors on selecting plants that work well in various conditions, including shade and perimeter areas. However, the Earth Day Green Market is not merely a plant show. Attendees can explore a diverse array of vendors offering crafts, artwork, and delicious food. From vegan and vegetarian treats from Café Blossom on the Go food truck to honey from Busy Bees, fresh bread from Baker's Bounty, and pies from Dawn's Delights, there's something scrumptious for everyone.

## High Tea and Misdemeanors by Laura Childs

When a wedding is tragically averted by the death of the bridesmaid, Theodosia is determined to prove that it was murder in the latest entry to this New York Times bestselling Tea Shop Mystery series.

Theodosia Browning and her tea sommelier, Drayton Connelly, are tapped to cater the elegant wedding of Bettina and Jamie. Theodosia and Drayton are setting up when they hear a crash from the greenhouse. Shockingly, they discover that part of the roof has collapsed, trapping a bridesmaid and the groom. He will pull through, but the bridesmaid is no more. Theodosia is convinced it was murder.

As an added feature, the book includes delicious recipes and tea-time tips. Purchase at <https://bit.ly/4fvTGtK>.

## Why Wolves Matter: A Conservation Success Story by Karen B. Winnick

Where did all the wolves go? The birds, the fish and the beavers?

When the top predator was wiped out, the balance of nature in Yellowstone National Park was disrupted. The circle was broken. Written in a lyrical style, "Why Wolves Matter" is an ecological tale that helps children understand the interconnectedness of all things in the natural world. Once all the wolves were gone, the elk population grew so large that the trees and vegetation on which they fed disappeared, throwing the Park and the remaining wildlife into disarray.

Supplemented with a timeline and bibliography, the non-fiction picture book "Why Wolves Matter" is about the importance of the top predator in nature, how balance was restored in Yellowstone National Park and the circle made whole again — with important historical and scientific relevance for children. Purchase at <https://amzn.to/415gGKV>.

## Spring Into These Four Spellbinding Reads

### Gather, Ye Heroes by C.S. Brown

In this first book of an exciting new fantasy series, securing victory against his enemies, Tianis is thrown into a world he is ill-prepared for. Confronted by a dragon, he is informed that he must lead mankind against an ancient foe returning after nearly 1,000 years.

Torg, 16, is looking forward to being released from his apprenticeship and taking his place in society. But his path leads him toward something completely different. He encounters a dragon, who brands him as the chosen leader of the armies of man and dragon.

Elsbeth, the daughter of a master weaponsmith who works alongside her father in the armory, makes an accidental discovery that brings her face to face with a dragon. She is told that there is more to the world than she ever imagined and that she is to be a leader on that stage.

But can prophecy be trusted? Purchase at <https://bit.ly/4fSfe3Y>.

### Kalayla: Unraveling Tangles by Jeannie Nicholas

This tale is told from three distinct points of view: a young teenager, her mother and their landlady. Kalayla is a bi-racial girl determined to teach adults a thing or two. Her mother, Maureen, has been disowned by her Irish family and works as a waitress. Their Italian landlady, a widow, is retiring as CEO of her family's business.

Their deepening friendships provide a scaffolding of support and show the transformative power of connection as they each risk new adventures with laughter and courage. Their stories touch on race, sexuality, marital abuse, exasperations of adolescence, single motherhood and self-discovery.

Kirkus Reviews describes the book as "an eloquent tale about real-life people with difficult problems." Purchase at <https://amzn.to/40RaLcq>.

## FROM THE HEART OF ATLANTIC COUNTY MAGAZINE

National Grilled Cheese Month in April celebrates gooey, warm, cheesy, grilled cheese sandwiches which are a staple for people all over the world. Some as-yet-anonymous grilled cheese sandwich lovers likely founded this day as a tribute to their favorite food, and people have embraced these celebrations with fervor. There's even a special National Grilled Cheese Sandwich Day in April to make the celebrations extra special.

### History of National Grilled Cheese Month

America's history with the grilled cheese sandwich has been a long and delightful one. While the world has produced multiple variations of this sandwich, it gained a prominent place in the food world during the 1900s. Many older cookbooks feature recipes for adding cheese between two slices of bread — all with different methods and styles of cooking. One recipe from 1902 recommended a hot oven while another from 1929 suggested cooks broil the ingredients to make 'toasted cheese'.

The proliferation of these sandwiches was further spurred by the invention of sliced bread in 1928. The sandwich was so popular that government-issued cookbooks during World War II instructed navy cooks to make these "American cheese filling sandwiches." These sandwiches still didn't much resemble the grilled cheese of today — one slice of bread was topped with grated cheese to create an open-faced sandwich.

Then, another invention came about. Kraft Foods introduced individually wrapped slices of yellow processed cheese in 1949. One more important addition was made to the grilled cheese — another bread slice to "close" and form a sandwich. And finally, the grilled cheese sandwich as we all know, and love was born.

In all this time, this invention had still not garnered a uniform name and was called toasted cheese, cheese sandwich, or toasted sandwiches. This changed only in the 1960s when this much-loved comfort food was finally called the 'grilled cheese'.

Since then, recipes for the grilled cheese sandwich have been perfected and innovated, but the core of the sandwich stays the same — two slices of bread safely ensconce some delicious cheese, which is grilled to perfection on a warm pan or skillet.

## National Grilled Cheese Month – April 2025

### 5 Cheesy Facts About Grilled Cheese

1. A different version in different countries - The Mexicans have their 'quesadillas,' the French have the 'Croque Monsieur,' Australians have the 'jaffles' and South Africa has 'snackwiches.'
2. The most expensive grilled cheese sandwich - According to the Guinness World Record, Serendipity 3 in New York City sells a Quintessential Grilled Cheese for \$214, making it the most expensive one in the world.
3. The 'cheese dream' - Voicing all our thoughts and words, the grilled cheese sandwich was once actually called the 'cheese dream' between the 1920s and the 1970s.
4. These cities love grilled cheese most - According to UberEATS, these are Baltimore, San Diego, and Cincinnati.
5. How fast can you eat grilled cheese sandwiches? - We bet it's not as fast as Joey Chestnut, who ate 47 sandwiches in 10 minutes in 2006, making a world record.

### National Grilled Cheese Month Activities

- **Throw yourself a grilled cheese party** - Get in a little self-care time this month; make yourself some delicious grilled cheese sandwiches. Send an invite to your friends and family too, and have a comfort food party to end all others.
- **Have fun mixing up recipes** - Fill up the middle with mac n' cheese, change up the cheese you use inside, and even use different types of bread — you can go wonderfully crazy creating different grilled cheese recipes. In fact, how about you try one recipe for each day of this month?
- **Gift someone this comfort food** - Know someone who is struggling or who needs a little extra love? Why don't you make them a delicious grilled cheese sandwich or two to show them you care?

## SUSAN SHEVLIN & *Goldy*

Susan Shevlin of Charlotte, North Carolina, first came to The Seeing Eye in 1967 to be matched with a Seeing Eye dog. She is now working with her seventh, a yellow Labrador retriever named Goldy.

“I call her my Golden Girl. I have never had a more gentle, obedient dog than Goldy. She is just the sweetest thing,” Susan said.

The photo shows Susan with one arm around Goldy as Goldy licks her cheek.

Susan worked for many years as a therapist and life coach. “I’m now retired,” she says, “although I can’t stop giving advice.”

A grandmother of three, Susan visited her grandchildren this summer, and of course Goldy came too.

Susan went to Colorado to visit her grandson, and took a train to Virginia to visit her two granddaughters. “People said to me, as we got up, they had no idea there was a dog on the train,” she said. “The conductor said, ‘I have been doing this for 15 years, and I have never seen a better behaved dog.’”

PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise these amazing puppies for The Seeing Eye. # HEALTHFUL LIVING

A Weekly Guide to Health Awareness

## YOGA POSE OF THE WEEK - Plank Pose

It might seem strange to call plank a balancing yoga pose since the risk of falling over is minimal, but it gets to the heart of this pose—core strength.

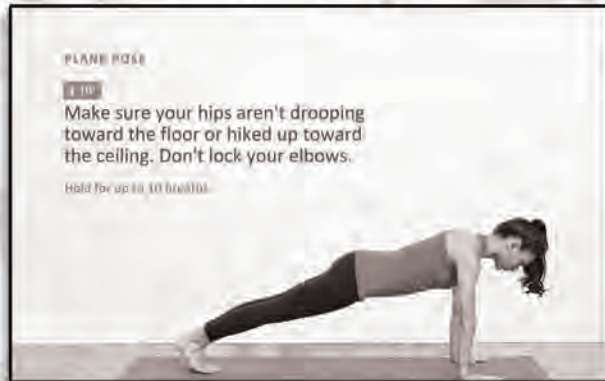

A strong core is essential for many yoga poses, including standing and arm balances, and a plank is an excellent way to work on your stability and stamina. Keep your hips and spine in a neutral position.

### PLANK POSE

#### TIP

Make sure your hips aren't drooping toward the floor or hiked up toward the ceiling. Don't lock your elbows.

Hold for up to 10 breaths.

## VITAMIN HIGHLIGHT - Potassium

You may think of bananas, but green leafy veggies are a better source of this mineral. It helps keep your blood pressure in a normal range, and it helps your kidneys work. Levels that are too low or too high could make your heart and nervous system shut down. You should also watch your salt because your body needs the right balance of sodium and potassium. Snack on raw cantaloupe, carrots, and tomatoes, too.

## MENTAL HEALTH CHECK-IN

What do I stand for, even when it's uncomfortable or unpopular?

## TREATMENT SERVICES

In an emergency, please dial 911.
