What is International Sloth Day?

Hang out and celebrate International Sloth Day, which takes place on the third Saturday in October — on October 19 this year. Sloths are slow-moving mammals often found in Central and South America. The two major types are the two-toed and three-toed sloths. Although sloths look like some kind of furry bear/monkey, their closest relatives are anteaters and armadillos.

History of International Sloth Day

This international holiday was first created by the foundation AIUNAU, a program dedicated to the conservation and rehabilitation of wildlife in Columbia. AIUNAU first started working with sloths in 1996, and has worked to promote their cause ever since. Per AIUNAU: "There is a lot that sloths can teach us — respect, tenderness, joy."

Sloths spend their lives in the tropical rain forests. They move slowly — covering about 40 yards per day, munching on leaves and twigs. Sloths have an exceptionally low metabolic rate and spend 15 to 20 hours per day sleeping. These long-armed animals are also excellent swimmers. According to the World Wildlife Fund (WWF), there are two different types of sloths — two-toed and three-toed — and a total of six species:

- Pygmy three-toed sloth
- Maned sloth
- Pale-throated sloth
- Brown-throated sloth
- Linnaeus's two-toed sloth
- Hoffman's two-toed sloth

Their health depends on our tropical rainforests — which remain at risk. The WWF works with communities, governments and companies to encourage sustainable forestry. Without them, sloths will lose their shelter and food source.

Unfortunately, when sloths periodically venture to the forest floor, they can do little to protect themselves from predators. That's partially due to the fact that their limbs are

adapted only for hanging and grasping, not for supporting their weight. Muscles make up only 25 to 30 percent of their total body weight — compared to 40 to 45 percent for other mammals. Animal traffickers pose yet another threat — despite the fact that sloths do not make for good pets.

International Sloth Day Activities

- **Create sloth crafts** - Craft your own sloth decorations! You can use all sorts of materials from felt fabric to paper plates. You can make a plush sloth for a friend or create an activity for kids. You can find more sloth cut-out instructions online or from books at your local library.
- **Follow the sloth's guide to life** - If there was ever a day meant to take it slow, today is that day! Unwind at home or enjoy your surroundings by visiting places you never have never been before. You can achieve this by strolling through the park, eating your favorite foods, and working on hobbies.
- **Watch movies with sloths** - Enjoy National Sloth Day by spending a lazy hour watching movies with sloths in them. Our list includes "Zootopia," "The Croods," and any "Ice Age" film!

5 Facts About The Daily Life Of A Sloth

1. **They're s-l-o-w** - Because sloths have a slow metabolic process they usually only relieve themselves once per week.
2. **Just hanging around** - Sloths are arboreal animals, meaning they spend most of their lives in trees.
3. **Camouflage at a whole new level** - A sloth's fur hosts a vast ecosystem of moths, bugs, and algae — which taints their furs green and is used as camouflage in the trees.
4. **Are you looking at me?** Three-toed sloths are able to turn their heads nearly 360 degrees.
5. **Aging gracefully** - When sloths survive possible poachers and captors, they can live anywhere between 10 and 30 years!

TOMATO BASIL SOUP

1 cup onion, chopped
 5 cloves garlic, smashed
 3 tablespoons olive oil
 3 (28 oz) cans whole tomatoes
 2 cups low sodium chicken broth
 1 tsp red wine vinegar
 1 cup low fat milk
 1/2 cup chopped fresh basil
 Salt pepper to taste

Sauté onion and garlic in the olive oil in a large saucepan until the vegetables are tender. Add the tomatoes and stock, bring to a boil, remove from heat. Pour into a blender container (you may need to do this in sections, since it's a lot of soup). Process until the mixture is puréed. Stir in the vinegar, milk, basil, salt and pepper. Ladle into soup bowls. Serve immediately. Serves 12

In just a few short weeks, kids across the nation will be donning costumes and grabbing bags, pails or even pillowcases to go from door to door hollering the telltale words of the season — “Trick or treat!”

No matter the age of your little one, they are no doubt being swept up in the countdown to October 31st. Halloween has pervaded all corners of everyday life this month — so why not your kids’ libraries? Whether you’re looking for a scare-free read that will make the perfect bedtime story, or a thrill-filled novel sure to entrance even the most reluctant of readers, we’ve got the books for you. Here are six brand new picture books and six middle-grade reads to bring in the spooky season.

Spooky, Scary Skeletons: A Halloween Book for Kids and Toddlers by Andrew Gold, illustrated by Polona Lovsin

Featuring lyrics from Andrew Gold’s 1996 song that rocketed to TikTok fame, this whimsical read brings all the fun of trick-or-treating to story time. Spooky Scary Skeletons follows a gaggle of little skeletons as they go from door to door, causing mischief everywhere they go. But what happens when their antics get in the way of other trick-or-treaters’ enjoyment of the night? A skeleton dance might just do the trick to make everything better! This cozy Halloween read encourages us all to share the holiday and be respectful of other trick-or-treaters.

Millie Fleur’s Poison Garden by Christy Mandin

Self-described as “a new picture book about being your best, creepiest self,” Millie Fleur’s Poison Garden brings the spooky-and-altogether-ooky vibes of Wednesday Addams to a great lesson about authenticity. Before Millie Fleur La Fae moved to Garden Glen, each garden was just as boring as the last. But now, Millie Fleur’s is full of everything from Sneezing Stickyweed and Fanged Fairymoss to Grumpy Gilliflower! Not everyone in the town is a fan of her choice in plants, however. Does Millie Fleur throw in the trowel — or will she find kindred spirits who appreciate the same wicked weeds as her?

Little Ghost Makes a Friend by Maggie Edkins Willis

Little Ghost and his mom have lived in their creaky old house for a hundred years. But as much as Little Ghost has watched neighbors come and go, he’s never felt brave enough to go and say hello. When a little girl moves in next door, though, Little Ghost wants to make a friend! But how exactly does a ghost befriend a human without scaring them? This sweet treat of a book celebrates making a new friend and encourages us to reach out to those around us.

Itty Bitty Betty Blob by Constance Lombardo, illustrated by Micah Player

Everybody knows that monsters are supposed to be scary, right? Itty Bitty Betty Blob knows that, too — but as much as she tries to be scary, she just can’t! Today is picture day at her school, and Betty knows all the other monsters will be growling and howling — but even with the horrid scaly black dress her mom picked out for her, Betty doesn’t have that screech in her heart. What’s a little monster to do? Perfect for read-alouds, Itty Bitty Betty Blob reminds us that being true to ourselves may feel scary, but that our individuality is what makes us shine.

The Little Witch Who Lost Her Broom! by Elaine Bickell, illustrated by Raymond McGrath

Reminiscent of Kiki’s Delivery Service, this adorable tale follows a little witch who’s — you guessed it — lost her beloved broom, just before the full moon! Not one to miss out on the midnight ride she’s so looked forward to, this little witch looks high and low for her broom. She even considers possible replacements, like a scooter or bike, but time is running out and nothing compares to a good old witch’s broom. Will the reader be able to help this little witch before time runs out?

Feeling Boo by Alex Boniello and April Lavalle, illustrated by Olivia Chin Mueller

Co-written by authors and Tony Award-winning producers Alex Boniello and April Lavalle, Feeling Boo is a tender Halloween read similar to The Rabbit Listened. Little ghosts Ollie and Ellie have been friends for centuries — always visiting the same old haunts and taking midnight floats through town. But one night, Ollie wakes up feeling blue, and Ellie just can’t seem to cheer him up. This lovable tale reminds us that when you can’t outflay a case of the “boos,” sometimes the best thing a friend can do is just to be there for you.

Help save lives. Give blood.

Why Donate Blood?

You don't need a special reason to give blood. *You just need your own reason.*

- Some of us give blood because we were asked by a friend.
- Some know that a family member or friend might need blood some day.
- Some believe it is the right thing to do.

Whatever your reason, the need is constant and your contribution is important for a healthy and reliable blood supply. And you'll feel good knowing you've helped change a life. To learn more, visit www.redcross.org

The need is constant. The gratification is instant. Give blood.

EMILY CHAO & Junebug

Emily Chao is an environmental education student at Cal Poly Humboldt, and a recent first-time graduate of The Seeing Eye! The photo shows Emily, wearing a striped sleeveless dress, smiling as she hugs Junebug, a black Labrador/golden retriever cross. Junebug has her paw on one of Emily's arms – hugging her as well!

“People think that Junebug’s name is so adorable,” Emily said. “At school, she guides me through the hills and stairs of the campus, and guides me to my classes. When Junebug is not working, she loves to play fetch, and we love to cuddle on the floor together.”

Junebug’s help to Emily goes beyond guiding. “When I was in training with Junebug at The Seeing Eye, my best friend unexpectedly passed away. I was devastated by the news. Junebug was there to grieve with me. After my friend died, I would have been a person with no confidence. With Junebug in my life, she gave me the confidence to keep going.”

Pet of the Week

DAKOTA

This is a heartfelt plea on behalf of four remarkable 11-year-old dogs who urgently need a new beginning. Last month, these brave seniors were rescued from a dire situation in an abandoned house. They endured heartbreaking conditions with no electricity, running water, or proper shelter. Each day, they were confined to enclosures filled with debris and overgrown weeds, and one dog was left huddling in a corner of the house, seeking refuge from the intense heat. Despite the kindness of neighbors who provided water, the dogs were often left without essential care. PPAWS - People & Puppies at Work for Sight "MEET THE PACK!"

WALK & LEARN WITH THE SEEING EYE - OCTOBER 25TH

WALK & LEARN

with The Seeing Eye

Learn how Seeing Eye dogs are trained on the streets of Morristown. Each program begins with a brief presentation and tour of our downtown training location located at 14 Maple Avenue. Participants will then take a walk through the streets of Morristown and learn how Seeing Eye dogs guide their handlers safely. The walking distance is about 1 mile and is appropriate for ages 12+.

Location: 14 MAPLE AVENUE, MORRISTOWN, NJ (Signs alongside the building will be pointing to the entrance of the training center.)

Time: 9:00 am - 10:30 am

PPAWS (People & Puppies at Work for Sight) is a dedicated group of local families from Atlantic and Cape May Counties, which raise these amazing puppies for The Seeing Eye. Until a Seeing Eye dog is ready for training, he or she lives with a puppy raising or foster family that gives the dog love, gentle guidance, and consistent care. These volunteers nurture their puppy to accomplish its special destiny.

If you are interested in raising a puppy for The Seeing Eye, call Peter at (609)804-8774 or visit seeingeye.org/raise for info.

Mark your calendars now and help us celebrate our 25th Challenge!

The Lighthouse Challenge of New Jersey is an annual event that takes place the third weekend of October each year. The challenge is to visit 11 lighthouse sites, 3 lifesaving stations, and 1 museum over the two day weekend. The challenge route covers the Atlantic Coast from Sandy Hook to Cape May and the Delaware Bay and River Coast from Cape May to Paulsboro. Take the challenge and learn more about these historic treasures of New Jersey. A small registration fee enables you to collect a souvenir from each site. Please join us for a fun family weekend.

Full information at lighthousechallengej.com.

Regarding East Point Lighthouse - Latest News - For the last 50 years, the East Point Lighthouse has been under the care of the Maurice River Historical Society. The Society has restored, furnished and maintained the Lighthouse for the enjoyment of the public, with tours and activities during the year. In September, the NJ Department of Environmental Protection, which is supposed to care for state owned historic sites, declined to renew the lease for the lighthouse with the Society. The DEP then closed the lighthouse. The DEP has indicated that they will reopen the lighthouse at some point, but here is no specific date. The Maurice River Historical Society will still maintain a check point for East Point on the Challenge, as well as the check point for the Delaware Bay Lights, at Leechester Hall in Leesburg (Dorchester). The Hall is actually much closer to Route 47 and not too far from the road to the lighthouse. The exact address is 548 Main St, Leesburg NJ 08327. (Your GPS may list it as Dorchester.) You may still visit the lighthouse, since it is on public land, but it most likely will not be open to the public.

How do I register for the Challenge? There is no pre-registration. You register at the site where you start and you can start at any of the sites. It only takes a few minutes. We ask for your home state and how many are in your party. And then, of course, we collect your registration fee.

What does it cost to participate in the Challenge? The cost is \$5 to register. For that, you'll get your souvenir holder, this year a booklet to collect silver stamps for our 25th Challenge. There is no other cost unless you decide to climb the lighthouses. Some of the lighthouses do charge a fee to climb. (Children 11 and under are free to climb with an adult.)

Do I have to climb every lighthouse to complete the Challenge? No, climbing is not required. You just have to visit each site. Good for you if you do manage to do that though!

How do you do the Challenge? The object is to visit all the sites on the Challenge. There are 11 lighthouse sites, 3 lifesaving stations, and 1 museum. It adds up to 15 sites but only 14 stops since one stop has two lighthouse sites. You have from 8 am on Saturday until 6 pm on Sunday to complete the Challenge. Sites are open from 8 am to 6 pm both days, with 3 sites offering night climbs from 6 to 8 pm on Saturday only. You can start and finish at any of the sites, so you can plan your own route. There is a list of places to stay and places to eat along the way under the Eat & Stay tab in case you decide to stay over Saturday night (or Friday night so you can get an early start).

What happens if I complete the Challenge? If you complete that Challenge, at your last stop, let them know that you've completed. They will check to see if you've visited all the sites. You'll receive a completion sticker and your name will be entered into a drawing for a prize basket filled with lighthouse goodies. There are 3 prizes with the grand prize worth more than \$500.

Finally, a Real Map - For those of you who like to look at maps, we included, here's a map of the sites on the 2024 Challenge. You can view it in Google Maps using this link: shorturl.at/TROTk

The 25th Lighthouse Challenge - This year's souvenir is a blue and silver booklet. The booklet contains a brief history of each site, including how many years it's been in operation, as well as a brief history of the Challenge itself. At each stop on the Challenge, you'll collect a silver embossed sticker to place on the page of each site. You'll receive your booklet when you register and at each stop, you'll receive your silver sticker. If you collect all the stickers, you'll be given a completion sticker for your book and you'll be entered in the drawing for our 3 prize baskets. We hope you enjoy celebrating our 25th Lighthouse Challenge with us this year.

SOME CHALLENGE SITES NEARBY

Absecon Lighthouse - New Jersey's tallest lighthouse awaits you at Pacific and Rhode Island Avenues in Atlantic City (walking distance from the Ocean Casino Resort.). Take an amazing journey into time and above it all as you ascend the 228 steps of the Absecon Lighthouse, one of the oldest lighthouses in the country. You'll see breathtaking views of the Atlantic City skyline and up top you'll come face-to-face with the original first-order Fresnel Lens, first lit in 1857. The lighthouse's recent multi-million dollar restoration also includes a stunning replica of the Lighthousekeeper's dwelling, an educational museum, charming gift shop, Fresnel Lens exhibit in the original Oil House and expansive grounds.

Cape May Lighthouse - The present tower, which is the third documented lighthouse at the southern tip of New Jersey, has always been an attention-getting landmark as well as an aid-to-navigation for mariners. Because it is adjacent to the community of Cape May Point and just two miles from the City of Cape May, it has drawn visitors throughout its history. In 1882, the Cape May Ocean Wave reported that "the gentleman superintendent in charge [of the lighthouse], Mr. Samuel Stillwell, takes pleasure in showing visitors who have the nerve and strength of limb to the top, the interior of the lantern, and explaining the interesting operations of the light. A very picturesque view of the sea, bay, and country may also be obtained from the giddy heights of the edifice."

Tatum Lifesaving Station - Visit the Stone Harbor Life Saving Station, built in 1895, it was recently placed on the national Register of Historic Places. Throughout the facility there are murals and displays outlining this station's heritage to our current Coast Guard. The surf men assigned to this station were the heroes of the American Coast. They routinely risked their lives in maritime rescues. The Life Saving Service was the answer to the most basic question of shipwrecked sailors. Who will help us in our time of greatest need? Climb our tower to observe the vistas of the Atlantic Ocean, Hereford Inlet and the back bays that the surf men continuously monitored for ships in distress. Continuing the theme of serve to our county there are displays and information in our museum depicting activities in our major conflicts since World War I. Of particular interest are artifacts obtained and brought home by our local veterans. We look forward to sharing our treasures with our visitors.

Tuckers Island Light - The Tuckerton Seaport, a working maritime village, is located along the Tuckerton Creek. This one-of-a-kind attraction, in the heart of historic Tuckerton NJ, brings the Jersey Shore's maritime traditions of the past and present to life through people, exhibits and hands-on activities. Discover the Jersey Shore's unique maritime heritage and the interaction between culture and nature on the Barnegat Bay. Experience the rich traditions of the Jersey Shore and its Baymen through the Seaport's recreated and historic buildings, demonstrations, interpretive exhibits, events, festivals, live aquatic displays and more. Decoy carvers, boat builders, basket makers, and baymen entertain, educate and delight visitors of all ages. Stroll the 3/4 mile boardwalk and experience life on the Tuckerton "Crik". Identify birds and plants on our 1/4 mile nature trail. Tour our site and view garveys, sneakboxes, cruising yachts and party boats displayed on land and water.

U.S. Lifesaving Station 30 - This Ocean City station was called Beasley's Station until 1883. Rebuilt in 1885-1886, it is the only U.S. Life Saving Service station left in New Jersey that was rebuilt according to the Service's distinctive 1882-type design. This design is both stunning architecturally, with its gabled roof and lookout tower, and highly effective in the use of space to house both boats and surfmen. In 1905-06, the station was expanded to add a boat bay, a wrap-around porch, and other improvements. The footprint of the building was doubled, and the structure is the only surviving 1882-type station to be expanded according to the historic New Jersey Pattern. In 1915, the U.S. Coast Guard absorbed the U.S. Life Saving Service and assumed control of the Ocean City Station. It is the last of the three stations that were located on the island. The others were the Peck's Beach and Corson's Inlet Stations. The Station passed into private hands in 1945.
